

INTRODUCING

our SCHOOL CREST

A symbol of our unified mission and duty under Christ to prepare and guide the next generation for a faithful and successful life.

ARCHANGELS CATHOLIC
HIGH SCHOOL

ELEMENTS OF OUR CREST

Just like the Trinity, the crest is made up of three primary parts:
the shield, the Eucharist, and the wings.

The Shield

The shield represents putting on the armor of Christ and defending the faith. God the Father provides us with protection through the difficulties of life.

The Eucharist

The Eucharist is the source and summit of our Catholic faith. Christ's sacrifice unites all believers into the Body of Christ and the Church.

The Wings

The wings are symbolic to the Archangels. The five feathers of the wings represent the five parishes within our parish family.

COLORS OF OUR CREST

Blue and white are the official colors of the school and are more than just colors. The colors of the crest have significant meaning.

The Blue

The royal blue of the crest is representative of the divine wisdom of God and the spiritual insight that we gain through our faith.

Just as God gifted David wisdom, this school looks to provide students not only with facts and figures but with the wisdom of God to help them navigate the complexities of the world.

The White

The white is a representation of joy, innocence, and the glory of God.

One of the jobs of the school is to provide an environment where students can grow in their faith of God while experiencing the joy and innocence of youth in a safe environment.

The Gold

The gold of the shield and Eucharist is a representation of the divinity and kingship of Christ the King.

Also, as Christ was gifted gold by the Magi after his birth, the gold also represents the gift of education the school is providing the students of the five parishes.

FONTS OF OUR CREST

Fonts add a level to personality, recognition and consistency, to the overall visual identity of the crest.

CINZEL SERIF FONT:

A caps-only display font with serif elements. This font looks bold and powerful, yet modern. This font brings a strong feeling while still being approachable for the students to connect with.

Glacial Indifference:

Glacial sans serif font is clean and clear. It is easily readable on all media and should be used most frequently of all of the fonts.
